

MY REBELLIOUS NATURE CAUSED ME TO QUESTION MY PARENT'S BELIEF AND I FOUND IT LACKING

I was brought up in a God-fearing family, married a farmer and had two healthy children. My rebellious nature caused me to question my parent's belief and find it lacking, and with my husband, I searched for a church which followed New Testament teaching.

When we heard the Revival Fellowship's message was that a man should repent and be baptized for the remission of his sins, and recognized that it was straight from the Bible, we obeyed the command at the first meeting we came to.

My husband received the gift of the Holy Spirit in the baptism tank, with the manifestation of speaking in tongues. I had the sensation of a great weight being taken away after my baptism, and two nights later, I spoke in tongues and truly knew God for the first time in my forty six years.

I had a profound sense of His love for me, and proof of His care for me in small healings over the next few years.

In 1995 as a result of friction from osteoporotic vertebrae, the discs in my spine had partly worn away, resulting in severe pain. The doctor advised me that there was no way back, but after an elder of the church prayed for me, I was completely healed of the problem, and I have had no back pain since that time.

I am grateful to God for leading me to a church where His word is faithfully preached.
